b. On the other hand if KURIEK support is discontinued and be breaks with Kiro, he may become openly antagenistic to KUBARK and the Council.

- c. If KUBARK renews Conte's contract for an added 13 weeks, we could consider; (1) a decrease in payments being made to Conte and his steff or, (2) more direct KUBARK control of Conte to assure closer conformity to KUBARK/C.R.C. objectives.
- 5. Eqs would appreciate the station's views on this subject on or before I March. If station sees so objective, we would appreciate Passavoy's discussing the problem with AMBUD-1, reminding him that this arrangement was made before Conte became Prop Director.
